LARKSPUR or DELPHINIUM

You are Cordially Invited . . . .

to visit our Penfield Sales and Display Gardens, contained within our 200 Acre Nursery—the *only complete* and the most outstanding Nursery in the Rochester Area.

The Fifteen Acre Display Garden of Semi-Formal arrangement contains numerous varieties of plant material, correctly labeled for easy identification.

Adjacent to the Garden is the Nursery proper, wherein well over a million plants are growing for our customers.

The General Offices overlooking the Gardens were built in 1835 of Adobe construction.

A Garden Store and Sales Office is maintained at our new concrete block building, designed for shipping and to display our plant materials, as well as Accessories, Seeds, Fertilizers, Spray Materials, etc.

LANDSCAPE SERVICE

We maintain a landscape service department headed by a Cornell graduate who is in attendance for consultation in connection with your landscape and gardening problems.

DELIVERIES

Free delivery is made within the Rochester Metropolitan Area. A moderate charge will be made for deliveries outside this area.

TERMS OF SALE

PRICES and conditions of sale in this list are subject to change without notice.

STANDARD GRADING OF STOCK guaranteed to be equal to or better than the standards adopted by the American Association of Nurserymen.

GUARANTEE—We guarantee all plants to be true to name, full count, up to grade, and in good condition when shipped. We replace once without charge any plant that fails to grow before August first following date of purchase, provided it has had reasonable care. All claims and returned goods must be accompanied with sales slip or record.

RATES—Five or more plants sold at the Ten rate, 25 or more plants at the 100 rate.

TERMS CASH WITH ORDER, except to persons who satisfy us as to their financial responsibility, when accounts will be opened due 30 days from date of invoice, rendered at time delivery is completed. NOTE: The free replacement guarantee is automatically voided on any account that becomes overdue.

Evergreens

This class of plants is shipped with roots undisturbed in a ball of earth dug from the nursery row and burlapped. To plant, place root ball in hole, remove burlap without disturbing earth, firm ground around root ball, and water generously.

ARBOR VITAE—Thuja

American. 30'. (Thuja occidentalis). Well known columnar tree. Our trees are sheared in the nursery row each Summer.

	Each
15" to 18"	$ 1.00
18" to 24"	1.25
2' to 2½'	1.75
2½' to 3'	2.25
3' to 4'	3.25

Elegantissima. 15'. (T. occidentalis elegantissima). **Goldtip arborvitae.** Broadly pyramidal Arbor Vitae with lustrous green foliage tipped golden yellow.

18" to 24"	$ 2.50
2' to 2½'	3.00

George Peabody. 15'. (T. occidentalis lutea). Similar to parent type, American Arbor Vitae, but with golden-yellow foliage.

18" to 24"	$ 3.00

Globe. 5' (T. occidentalis globosa). Dwarf plant. Compact, natural globular form. Use in foundation planting, or where accent plant of this type is desired.

12" to 15"	$ 1.60
15" to 18"	2.00
18" to 24"	2.50

Hovey. (T. occidentalis hoveyi). Dwarf. Globe shaped.

15" to 18"	2.50
18" to 24"	3.00

Pyramidal. (T. occidentalis pyramidalis). 30'. Tall, slender, columnar shape. Dark green foliage of compact growth. Use for accent in foundation planting, and alone wherever upright, formal effect is desired. Plant in sunny locations on good soil. Can also be used for hedges.

18" to 24"	$ 2.25
2' to 2½'	2.75
2½' to 3'	3.50
3' to 4'	4.75
4' to 5'	6.25

Siberian. 15'. (T. occidentalis wareana). Ware arborvitae. Broadly pyramidal shape. Deep green foliage. Good hedge and specimen plant.

18" to 24"	$ 2.50
2' to 2½'	3.50
3' to 4'	6.00

Tom Thumb. (T. occidentalis ellwangeriana). 4'. A dwarf globe shaped Arbor Vitae with finely cut foliage.

15" to 18"	$ 2.00
18" to 24"	2.75
2' to 2½'	3.75

FIR—Abies

Balsam. (Abies balsamea). Ultimate height 50'. Dark green foliage, symmetrical shape. Will stand some shade. Good specimen.

	Each
18" to 24"	$ 1.50
2' to 2½'	2.25
2½' to 3'	2.50
3' to 4'	4.00
4' to 5'	5.00
5' to 6'	7.50

Concolor. 60'. (Abies concolor). White Fir. Choice Colorado species with rich silvery needles. Specimen.

18" to 24"	$ 2.80
2' to 2½'	3.75
3' to 4'	6.25
5' to 6'	12.00
6' to 7'	15.00

Douglas. 80'. (Pseudotsuga douglasi). Beautifully tall narrow tree with soft dark-green foliage. (Sometimes slightly silvered). Use as specimen and evergreen screen plant. Also, is especially worthy for use in creating sheared evergreen hedges.

18" to 24"	$ 2.25
2' to 3'	3.00
3' to 4'	5.00

HEMLOCK—Tsuga

Canada. 60' (Tsuga canadensis). Good all-round ever-evergreen for garden use. Valuable for planting in combination with small ornamental trees and shrubs and as a specimen. Unexcelled for creating quality hedges. Will grow in shade. Plant in good garden soil not too heavy.

18" to 24"	$ 2.50
2' to 2½'	3.00
2½' to 3'	4.25
3' to 4'	5.50

JUNIPER—Juniperus

Communis Depressa Plumosa. (Andorra or Plumed Spreading Juniper). 2-3' Very useful on bank or rock garden or at base of larger evergreens. Purple color in winter.

15" to 18"	2.25
18" to 24"	2.75
2' to 2½'	4.00
2½' to 3'	5.00
3' to 3½'	6.00

Chinensis Columnaris. (Column Chinese). Tall, slim growth to 20'. Steel blue color. Good specimen.

2' to 2½'	$ 3.75
2½' to 3'	5.00
3' to 4'	7.50

Excelsa Stricta, 5'. (Spiny Greek). Gray-green foliage. Makes broadly pyramidal shaped plant. Gives color contrast in planting of evergreens. Can be managed better if grown in sheltered locations.

12" to 15"	$ 1.60
15" to 18"	2.15
18" to 24"	3.00
2' to 2½'	4.00
2½' to 3'	5.00
3' to 3½'	7.50

JUNIPERS—Cont'd

Horizontalis. 1 to 1½′ Creeping Juniper.

	Each
2′ to 2½′	$ 5.00

Irish. (J. communis hibernica). Striking, columnar shape, growing to about 7′. Best used in sunny, sheltered locations.

18″ to 24″	$ 1.75
2′ to 2½′	2.25

Pfitzer. 6′. (J. chinensis pfitzeriana). Informal, spreading evergreen plant with beautiful, plume-like branches. Will stand considerable shade. Useful in foundation planting and rock-garden work. One of the most useful and satisfactory evergreens available for garden and landscape work in this section.

15″ to 18″	$ 2.50
18″ to 24″	3.50
2′ to 2½′	4.50
2½′ to 3′	5.50

Savin. 7′. (J. sabina). Dark green foliage on vase or fan-shaped plants, semi-spreading. Useful in foundation planting, rock-garden work, and anywhere that low plantings are desired.

12″ to 15″	$ 2.25
15″ to 18″	2.75
18″ to 24″	3.75

Sabina Tamariscifolia. (Tamarix Savin Juniper). Low spreading plant with gray-green foliage, suitable for rock-gardens, banks, and for filling around higher evergreens.

12″ to 15″	$ 3.00
15″ to 18″	3.75
18″ to 24″	4.25

Swedish. 30′ (J. communis suecica). Compact upright growth. Bushier than Irish Juniper.

18″ to 24″	$ 2.50

Virginiana. (Red Cedar). 40′. Tall, slender tree, solid green color in Spring changing in Fall to reddish-green, whence comes the name. Grayish-green berries in Fall.

18″ to 24″	$ 2.25
2′ to 2½′	3.00
2½′ to 3′	3.75
3′ to 4′	5.00

Virginiana Cannarti. 12′. (Cannart Red Cedar). Very deep, rich blackish-green foliage. Columnar form.

3′ to 4′	$ 6.00

Virginiana Glauca, 20′. (Silver Red Cedar). Silvery-blue foliage. Upright plant. Contrasts with other evergreens in color.

2′ to 2½′	$ 3.75

PINE—Pinus

Austrian. 70′. (Pinus nigra). One of the best tall growing pines. Long needles make dark glossy foliage. Cones in Fall and Winter add to beauty. Useful as specimen, screen plant, or wind-break plant.

2′ to 2½′	$ 3.75

PINE—Cont'd

Mugho. 4'. (P. montana mughus). This dwarf, low growing, spreading type of pine is useful in foundation planting and rock garden work. Slow-growing, its tufty foliage is of good color, and the plant is adaptable to a variety of soils, a valuable planting feature.

	Each
12" to 15"	$ 2.50
15" to 18"	3.00
18" to 24"	4.00
2' to 2½'	5.50
2½' to 3'	6.00

Red. 70'. (P. resinosa). Dark green needles, long and glossy, contrast with the dark red brown of the bark. One of the best evergreens for background.

2' to 2½'	$ 3.75
3' to 4'	6.25

Scotch. 70'. (P. Sylvestris). Fast growing. Tall tree of irregular shape. Gray-green foliage not so dense as that of the Austrian Pine. Reddish-brown branches and trunk contrast in color with foliage. Good tree for screen planting, or specimen use.

2' to 3'	$ 3.00

RETINOSPORA—Chamaecyparis

Pisifera, 25'. (Sawara Cypress). Flat foliage of good green color. Broadly pyramidal in shape. Shears well.

18" to 24"	$ 2.25
2' to 2½'	3.00
2½' to 3'	3.75
3' to 4'	5.50

Pisifera Aurea. 25'. (Golden Sawara Cypress). As above, except with golden foliage.

18" to 24"	$ 2.25
2' to 2½'	3.00
2½' to 3'	3.75

Plumosa, 20'. (Plume Cypress). Soft, plume-like foliage. Pyramidal shape. Shears well.

18" to 24"	$ 2.25
2' to 2½'	3.00
2½' to 3'	3.75

Plumosa Aurea, 20'. (Golden Plume Cypress). As preceding, except with golden-yellow foliage.

	Each
18" to 24"	$ 2.25
2' to 2½'	3.00
2½' to 3'	3.75

Squarrosa, 20'. (Moss, Retinospora). Feathery blue-gray foliage.

18" to 24"	$ 2.25
2' to 2½'	3.00

SPRUCE—Picea

Black Hills. 50'. (Picea canadensis albertiana). Broadly pyramidal shape with deep green, thick foliage. Use as specimen, screen plant or hedge plant.

2' to 2½'	$ 3.00
2½' to 3'	3.50

Colorado. 60'. (P. pungens). Light green foliage. Symmetrical, broadly pyramidal outline. Good specimen and screen plant.

18" to 24"	$ 1.75
2' to 2½'	2.50
3' to 4'	5.50
4' to 5'	7.50

SPRUCE—Cont'd.

Colorado Blue. 60'. (P. pungens glauca). The common "Blue Spruce." Silvery-blue colored foliage provides contrast as specimen, or when used in massed screen planting.

	Each
18" to 24"	$ 3.00
2' to 2½'	4.25
4' to 5'	11.00

Koster Blue. 60'. (Picea pungens kosteri). One of the most conspicuous evergreen trees. Outstanding steel-blue foliage and regular outline. Used primarily as a specimen tree.

2½' to 3'	$ 6.00
3' to 4'	8.00
4' to 5'	10.00
5' to 6'	12.00
6' to 7'	15.00
7' to 8'	20.00
8' to 9'	25.00

Norway. 60'. (P. excelsa). Well known variety useful as specimens, in windbreaks, screen plantings, and as a hedge where it shears to formal shapes satisfactorily.

12" to 15"	$ .90
15" to 18"	1.25
18" to 24"	1.75
2' to 2½'	2.50
2½' to 3'	3.00
3' to 4'	4.00
4' to 5'	7.00
5' to 6'	10.00

White. 60'. (P. alba). Pleasing gray-green foliage. Fine specimen. Has attractive small, light-brown cones in Fall.

18" to 24"	$ 2.50
2' to 3'	3.00
3' to 4'	4.50
4' to 5'	6.00
5' to 6'	7.00

YEW—Taxus

Cuspidata. (Spreading Yew). Rarely over 8' spread and 5' height if left unsheared. Deep green, dense spreading foliage. Red fruit in Fall. Good plant for foundation use, and will stand reasonable amount of shade. Excellent hedge plant.

12" to 15"	$ 3.00
15" to 18"	3.50
18" to 24"	5.00
2' to 2½'	6.75

Cuspidata Capitata. (Upright Yew). 12'. Good hedge yew, or as semi-formal specimen. Typical deep-green yew foliage, and broadly pyramidal shape.

18" to 24"	$ 4.00
2' to 2½'	5.00
2½' to 3'	6.00
3' to 3½'	8.00
3½' to 4'	9.00

Cuspidata Nana. (Dwarf Yew). Rarely over 5' spread and 4' height. One of the best dwarf evergreens. Thick, dark green foliage. Slow growing. Makes excellent low hedge requiring very little shearing.

12" to 15"	$ 3.00
15" to 18"	4.00

Media Hicksi. (Hick's Yew). 10'. Compact, columnar shape. Useful in foundation planting, and as a formal specimen.

18" to 24"	$ 4.25
2' to 2½'	6.25

Broad-Leaved Evergreen Shrubs

The preceding class of plants, "EVERGREEN TREES," is characterized by evergreen needle foliage and the usual presence of cones. This additional group of evergreen plants, commonly distinguished as "BROAD-LEAVED EVERGREEN SHRUBS" lacks the cone-bearing feature, has leaf-like foliage in place of the "needle" foliage, and is generally characterized by flowers or fruits.

COTONEASTER Horizontalis—**Rock Cotoneaster**, 4′ A low spreading plant with dark, glossy-green foliage. Bears scarlet fruit in Fall. Fine for use in rock gardens, or on banks. Useful also for planting in front of evergreen trees in foundation plantings.

	Each
12″ to 15″	$ 2.00 B&B

Contoneaster Microphylla, **Rockspray**, 6′. Evergreen. Very small leaves, very deep green. Spreading habit. Grows more bushy than Rock Cotoneaster.

2′ to 2½′ spread	$ 3.75 B&B

DAPHNE Cneorum **Rose Daphne** or **Garland Flower**, 18″. An outstanding garden plant that every gardener should know and grow. Evergreen, fine foliage makes a very low, moundy plant covered in Spring and Fall with very fragrant pink blossoms. Blooms also intermittently throughout the Summer. We cannot overemphasize the value of this plant, particularly in Fall, when its flowers occur profusely until nearly December. An ideal color spot in the rock garden or perennial border, or in association with low growing evergreens in border or foundation beds.

	Each
6″ to 9″	$ .90 B&B
9″ to 12″	1.25 B&B
12″ to 15″	1.75 B&B

Daphne Mezereum, **February Daphne**, is listed on page 23, under section of "Deciduous Shrubs."

EUONYMUS

Radicans, **Wintercreeper.** A shrubby vine that will cling on masonry walls. Stands considerable shade.

	Each	Per 10
12″ to 15″	$ .60	$ 5.50

Radicans Colorata, **Bronze Winter Creeper.** Shrubby evergreen vine, and has attractive color change in Fall to bronze tints. Most useful as ground cover among evergreen trees with pleasing color contrast results in Fall.

12″ to 18″	$ .50	$ 4.50
18″ to 24″	.75	6.75

Radicans Vegetus, **Bigleaf Wintercreeper** or **Evergreen Bittersweet.** Will make a billowy, graceful evergreen foliage plant that will grow on masonry walls if planted nearby. A good "filler" among needle evergreens. Good soil binder and cover for banks. Orange berries in Fall. This plant, when planted 12″ apart in a straight line, can be made into an excellent low evergreen hedge, either sheared, or natural.

See cut inside back cover.

12″ to 15″	$ .90 B&B	$ 8.50
15″ to 18″	1.00 B&B	9.50
18″ to 24″	1.25 B&B	11.00
2′ to 2½′	1.50 B&B	13.50

HEDERA Helix Baltica, **Baltic English Ivy.** This plant is listed here because of its uses in general garden work outside of its use as a climbing vine on masonry. Planted among evergreen trees, it will spread around and make a most attractive covering for the ground.

	Each	Per 10
2 yr. plants	$ .30	$ 2.70

KALMIA Latifolia **Mountain Laurel,** 6′. Bushy plant with glossy evergreen leaves. Pink flowers in clusters in June. Stands shade and grows on light humus-filled soil. In Rochester, soil must be prepared with mixture of peat, old leaves, etc., to produce proper humus soil with acid reaction.

	Each
18″ to 24″	$ 3.50 B&B

MAHONIA Aquifolia, **Oregon Hollygrape,** 3′. An attractive plant with holly-like leaves of glossy dark green.

15″ to 18″	$ 2.70 B&B

PACHYSANDRA Terminalis, **Spurge.** A low spreading evergreen plant primarily used to carpet and cover the ground under evergreens and in places where grass is not satisfactory. Ties a foundation planting of evergreens together and gives a "finished" appearance to the work. White flowers in Spring.

	Each	Per 10	Per 100
2 yr. plants	$ .25	$ 2.00	$18.00

RHODODENDRON

Carolinianum, **Carolina Rhododendron,** 5′. Broad, evergreen leaves on bushy plant. Rose-pink flowers in May. Needs humus and acid soil preparation. Hardy, and favors partially-shaded locations.

	Each
12″ to 18″	$ 3.00 B&B
2′ to 2½′	5.00 B&B

Catawbiense, **Catawba Rhododendron,** 10′. Wide, smooth leaves on spreading shrub. Rose-lavender flowers in early June. One of the country's hardiest evergreen shrub types. Needs soil preparation.

12″ to 18″	$ 3.00 B&B
2′ to 2½′	5.00 B&B

Maximum, **Rosebay Rhododendron.** This evergreen shrub growing to 12′ has luxuriant foliage with white to blush-pink flowers in June. Needs soil preparation.

12″ to 18″	$ 3.00 B&B
2′ to 3′	5.00 B&B

VINCA Minor **Periwinkle** or **Myrtle.** Evergreen trailing plant. The leaves are retained over Winter, and new growth put on annually. In Spring and Fall and occasionally through Mid-Summer, the plant is covered with attractive purple flowers. Most useful as a ground cover under evergreens and on banks, or in garden locations difficult to clothe otherwise with green. Roots as it spreads and is a good soil binder.

	Each	Per 10	Per 100
2 yr. field-grown plants	$ .25	$ 2.00	$15.00

TREES
Ornamental—Shade—Flowering

Plants are conveniently arranged and labeled in our Display and Sales beds

This class of plants includes all our well known shade trees—trees which regularly each Fall drop their leaves. Included also are the small ornamental flowering and fruiting trees of great value in garden work, here grouped for convenience.

AILANTHUS

Glandulosa, 50′. Tree of Heaven. Tropical looking, fast growing tree with large leaves. Succeeds under adverse conditions.

	Each
6′ to 8′	$ 2.50

ARALIA

Spinosa. **Devil's Walking Stick,** 20′ Stems heavily armed with spines. Used when "high-points" are needed in foundation planting, particularly when a semi-tropical appearance is wanted. Large foliage and white flowers that are of large size.

3′ to 4′	$ .90
4′ to 5′	1.20

ASH—Fraxinus

American or White, 90′. **Fraxinus** americana. Long lasting tree of reasonably rapid growth. Shade and specimen tree.

6′ to 8′	$ 2.00
8′ to 10′	2.50
10′ to 12′	3.00

BEECH—Fagus

Rivers Purple, 50'. **Fagus** sylvatica riversi. Compact, symmetrical tree with dark purple foliage. A distinctly decorative specimen. Slow growing.

	Each	Per 10
2' to 3'	$ 6.00	B&B
3' to 4'	8.00	B&B
4' to 5'	10.00	B&B

BIRCH—Betula

Canoe, 50'. **Betula** papyrifera. Well-known native American tree with brilliant white bark that "peels".

6' to 8'	$ 3.00

Cutleaf Weeping, 40'. B. alba laciniata. White bark with weeping, spray-like branches and deeply cut foliage make this an outstanding lawn specimen tree.

5' to 6'	$ 2.00
6' to 8'	3.00

European White, 40'. B. alba. A distinctive ornamental tree noteworthy for its silvery-white bark. Spray-like foliage makes it particularly useful as a contrast plant with evergreens.

6' to 8'	$ 2.50

CATALPA

Bungei, **(Umbrella Catalpa)** C. bignonioides nana. Dense heads of large foliage grafted on standards of various heights. The heads are generally cut back severely each Spring to insure a compact growth. An ornamental tree for use as such or as a formal accent plant.

4' to 5' Stems	$ 1.25
5' to 6' Stems	1.50

Speciosa, **Western Catalpa,** 90'. Large, fast-growing tree with large leaves, white flowers in June followed by green fruit pods. Lawn specimen, screen planting, or woods planting.

6' to 8'	$ 1.00	$ 9.00
8' to 10'	1.50	13.50

CHERRIES—FLOWERING—Prunus.

Kwanzan. Double, dark pink flowers.

3' to 4'	$ 1.80
4' to 5'	2.50

Weeping, Prunus subhirtella pendula. A weeping variety grafted on standard stems of various heights. Many pink flowers in Spring. See cut back cover.

1 yr. heads, 5' to 6' Stem	$ 4.50	B&B
2 yr. heads, 5' to 6' Stem	6.00	B&B

CRAB—Malus

Bechtels, 20'. **Malus** ioensis bechteli. Well-known ornamental tree with large double pink flowers like little roses.

2' to 3'	$ 1.25
3' to 4'	1.75

Eleyi, 12'. Small flowering and fruiting trees most valuable as lawn specimens and features in border and garden planting. Red foliage in Spring. Dark pink single flowers; showy fruits in Fall.

3' to 4'	$ 1.50
4' to 5'	2.00

Floribunda, 15' Bright pink flower buds opening to white flowers. Yellowish fruit in Fall.

3' to 4'	$ 1.50

CRAB—Cont'd.

Niedzwetzkyana. Red Vein, 15'. Purplish red color in leaves, stems, bark and buds, with red flowers.

	Each	Per 10
3' to 4'	$ 1.25	
4' to 5'	1.65	

DOGWOOD—Cornus

White Flowering, 20'. **Cornus** florida. Small upright tree for use as specimen, or in conjunction with shrub or evergreen plantings. White flowers in Spring followed in Fall by red berries. Attractive foliage color in Fall.

3' to 4'	$ 2.00
4' to 5'	3.00
5' to 6'	4.00

Red Flowering, 20'. **Cornus** florida rubra. Same as above, but with red flowers.

2' to 3'	$ 2.50
3' to 4'	3.00
4' to 5'	4.00

ELM—Ulmus

American, 80'. **Ulmus** americana. Well-known shade and street tree. Large, tough-wooded tree of long age. Rate of growth is reasonably fast.

6' to 8'	$ .75	$ 7.00
8' to 10'	1.00	9.00
10' to 12'	1.50	13.50
1½" to 1¾" caliper	2.50	22.50
1¾" to 2" caliper	4.00	
2" to 2½" caliper	5.00	
2½" to 3" caliper	7.50	
3" to 3½" caliper	10.00	

Chinese, 70' U. pumila. Asiatic Elm. A rapid growing tree for shade, lawn and windbreaks.

6' to 8'	$ 1.50
8' to 10'	2.00
2" to 2¼" caliper	7.50

HONEYLOCUST

60' **Gleditsia** triacanthos. Broad headed trees with spiney growth suitable for lawn specimen. Small, fragrant flowers and feathery foliage.

4' to 5'	$ 1.25

KOELREUTERIA PANICULATA

Goldenrain Tree, 25'. A very attractive small tree for city locations, especially when the branches are covered with large clusters of yellow flowers in July.

5' to 6'	$ 2.50

LABURNUM—Golden Wisteria Tree

Alpinum, 30'. **Scotch Laburnum.** Fine small tree, with long clusters of golden flowers in June.

3' to 4'	$ 2.50
4' to 5'	3.00

Vulgare, **Goldenchain,** 20'. Clusters of bright yellow flowers in late May. A distinctive tree.

3' to 4'	$ 2.50

LINDEN—Tilia

American, 80′. **Tilia** americana. Large, round headed tree for shade and lawn. Heart-shaped leaves. Greenish-white blossoms in June. Fast growing.

	Each	Per 10
6′ to 8′	$ 1.75	
8′ to 10′	2.50	

European. T. vulgaris, 90′. Very fine shade tree with small heart shaped leaves. Blossoms early summer.

6′ to 8′	$ 1.75
8′ to 10′	2.50

MAGNOLIA

Soulangeana. 18′ Well-known magnolia of city parks. Small low-headed lawn and specimen tree with broad, shining foliage and in Spring before leaves are out, fragrant large pink and purple flowers.

2′ to 3′	$ 6.00 B&B

MAPLE—Acer.

Ash Leaf, (Boxelder), 60′. **Acer** negundo. This tree is fast growing with leaves somewhat similar to those of the ash tree.

6′ to 8′	$ 1.25
8′ to 10′	1.50
10′ to 12′	2.00

Ginnala, 15′. **Amur** maple. More shrub-like than tree-form. Noted for brilliance of autumnal coloring, it is used as a specimen and in hedges.

3′ to 4′	$ 1.00
4′ to 5′	1.50

Norway, 50′. **Acer** platanoides. Low, round, symmetrical head of vigorous branches. Somewhat lower-headed than other trees, but valuable as a lawn shade tree. Deep green foliage stays until late Fall, then coloring to deep yellow. Moderate rate of growth.

6′ to 8′	$ 2.75	$25.00
8′ to 10′	3.75	34.00
10′ to 12′	4.25	38.00

Pyramidal Norway. The new streamlined tree developed by the Rochester Park Department. Narrow, columnar habit. Adaptable to planting as specimens, for narrow street planting, or for a formal background or screen effect.

7′ to 8′	$ 4.00
8′ to 9′	5.00

Schwedler, 50′. **Acer** platanoides schwedleri. A colored foliage maple tree useful as street tree, or lawn shade or specimen tree. In the Spring, this tree has gloriously colored foliage in red, purple and scarlet tints. As the season progresses, the foliage turns to Summer color of ruddy green. Moderate rate of growth.

6′ to 8′	$ 5.00
8′ to 10′	6.50

MAPLE—Cont'd.

Silver, 75'. **Acer** dasycarpum. Moderately fast growing lawn and shade tree having abundant foliage of sharply toothed leaves. Will do on a variety of soils, but reacts favorably to a good supply of soil moisture. Underside of the foliage is silvery-white, whence comes the name. Golden-yellow foliage in Fall.

	Each	Per 10
6' to 8'	$ 1.00	$ 9.00
8' to 10'	1.50	13.50
10' to 12'	2.00	18.00

Sugar, 90'. **Acer** saccharum. The grand old variety from which comes the maple sugar. Excellent street, lawn, and garden shade tree because of its clean, upright manner of growth. The tree increases in beauty with age, is long-lived and turns in Fall to golden autumnal coloring.

6' to 8'	$ 2.75	$25.00
8' to 10'	3.75	34.00
10' to 12'	4.25	38.00

Red, Scarlet or Swamp Red Maple, 80'. **Acer** rubrum. A rather fast growing tree useful in places where there is plenty of soil moisture. In the Spring, the fiery-red buds make a display prior to leaving out. Again in the Fall, the foliage colors brilliant red. In the Summer, the leaves are green. Branches sometimes show silvery color. This variety is number 3 of the often confused "Red Maples."

6' to 8'	$ 3.00

Wier's Cutleaf, 60'. **Acer** dasycarpum wieri. Good lawn specimen with its drooping branches and fine, shredded foliage.

6' to 8'	$ 1.75	$16.00
8' to 10'	2.50	22.50
10' to 12'	3.00	27.00

MOSS LOCUST—Rose Acacia—Robinia hispida. An ornamental tree grafted on standards of various heights. Pea-like pink flowers in Summer on arching branches. A graceful standard tree useful as specimen, or garden plant.

3' to 4' stems	$ 1.50
4' to 5' stems	2.00

MOUNTAIN ASH—Sorbus

European, 30'. **Sorbus** aucuparia. Small, ornamental tree with a symmetrical top with coarse foliage and clusters of scarlet-orange berries in Fall.

6' to 8'	$ 2.50
8' to 10'	3.00

MULBERRY—Morus

Russian, 35'. **Morus** tatarica. Rather low, ornamental tree. Hardy type. Sweet fruits of variable color, white to purple, readily eaten by birds.

3' to 4'	$ .75
4' to 5'	1.00

Downing, 30'. A rapid growing tree producing large, black, edible fruit.

4' to 5'	$ 1.25

MULBERRY—Cont'd.

Tea's Weeping. Morus alba pendula. A weeping variety grafted on stems of various sizes. Specimen uses. Edible white or purplish fruits.

	Each	Per 10
4′ to 5′ standards	$ 2.50	
5′ to 6′ standards	3.00	

OAK—Quercus

Pin 70′. **Quercus** palustris. Broadly pyramidal head with deeply cut foliage turning in Fall to crimson.

5′ to 6′	$ 2.00

OXYDENDRUM—Sourwood

Arboreum, 30′. Graceful small tree, with greenish-white flowers in late Summer. Brilliant orange-scarlet foliage for many weeks in Autumn.

4′ to 5′	$ 2.50

PHELLODENDRON—Cork Tree

Amurense, 50′. A large tree whose compound leaves resemble our Black Walnut. Withstands city conditions of drought.

3′ to 4′	$ 1.50
4′ to 5′	2.00

PEACH—Amygdalus

Double Flowering. Amygdalus persica, 12-15′. A very striking ornamental tree with very double flowers of either bright red or white in early Spring.

3′ to 4′	$ .65	$ 6.00
4′ to 5′	.90	8.00

PLANE—Platanus

American or Sycamore tree, 75′ to 100′. **Platanus** occidentalis. Large, handsome leaves. Smooth, light colored bark. A splendid shade tree of rapid growth.

6′ to 8′	$ 2.25	$20.00
8′ to 10′	2.75	25.00
10′ to 12′	3.75	34.00

Oriental or European Plane Tree, 80′. **Platanus** orientalis. Very useful shade tree with large foliage and rather open pyramidal head when young. A dependable tree that grows rapidly.

6′ to 8′	$ 2.50	$22.50
8′ to 10′	3.00	27.00
10′ to 12′	4.00	36.00
1½″ to 1¾″ caliper	6.00	
2″ to 2½″ caliper	7.50	

PLUM—Prunus

Double Flowered, 4′. **Prunus** triloba plena. Small, tree-like shrub with many double pink flowers in Spring.

2′ to 3′	$ .75

Purple Leaf. P. cerasifera pissardi. 15′. Ornamental tree with dark, purpe foliage.

3′ to 4′	$ 1.00

POPLAR—Populus

Bolleana 50′. **Populus** bolleana. Tall, narrow tree used as accent tree, or in line for tall hedge screen. Undersides of leaves as well as branches and trunk are silvery gray.

6′ to 8′	$ 1.25
8′ to 10′	1.80
10′ to 12′	2.50

POPLAR—Cont'd.

Carolina, 100'. P. eugenie. Large, very rapid growing tree with a bad reputation for far spreading, trouble seeking roots. However, the tree has its proper uses as a soil binder where other trees would perish.

	Each	Per 10
6' to 8'	$ .75	$ 6.75
8' to 10'	1.00	9.00
10' to 12'	1.50	13.50

Lombardy, 80'. P. nigra italica. Tall, narrow tree, growing rapidly. Extensively used for accent plants or tall screens.

6' to 8'	$ .75	$ 6.75
8' to 10'	1.00	9.00
10' to 12'	1.50	13.50
12' to 14' extra heavy	2.50	22.50

Simon's, 30'. P. simoni. Small tree with narrow pyramidal head. Shining green leaves, silvered beneath, a new type.

6' to 8'	$ 1.25
8' to 10'	1.75
10' to 12'	2.50

REDBUD, 30'. **Cercis** canadensis. The Redbud or Judas Tree is often used as a specimen or to provide a high point in a shrub border. Branches are covered with small, pea-like purplish-pink blossoms before the foliage comes out in Spring.

3' to 4'	$ 1.00

THORN—Crataegus

Paul Double Scarlet. Crataegus oxycantha pauli. Bright red, double flowers make splendid showing in Spring. Scarlet fruits in Fall. Valuable and well known specimen flowering tree to 20', useful in many locations.

3' to 4'	$ 2.00
4' to 5'	2.50

TULIP TREE, 100'. **Liriodendron** tulipifera. Large, broad-headed tree with large distinctively shaped leaves. Tulip-shaped flowers of green, orange, and yellow in early Summer.

5' to 6'	$ 2.50
6' to 8'	3.00
8' to 10'	4.00

WILLOW—Salix

Babylon Weeping, 60'. **Salix** babylonica. This common Weeping Willow makes a large lacy tree with long branches weeping to the ground. Good for planting near water or as a planting accent alone or in groups of two or three in moist locations.

6' to 8'	$ 1.50	$13.50
8' to 10'	2.25	20.00
10' to 12'	3.00	27.00

Golden, 40'. S. vitellina aurea. Upright tree with golden colored bark most pronounced at time leaves are first appearing.

6' to 8'	$ 1.50
8' to 10'	2.25

WILLOW—Cont'd.

Golden Weeping, 50'. S. niobe. New. Fast growing, large headed tree with golden branches. More graceful than Babylon Willow, although less weeping.

	Each	Per 10
6' to 8'	$ 1.50	
8' to 10'	2.25	

Laurel, 30'. S. pentandra. Small willow with chestnut-brown branches, and upper sides of leaves are shining dark green, while under sides are paler.

6' to 8'	$ 1.50	

Pussy, 20'. S. discolor. Large bush or small tree well known for its catkins in Spring.

3' to 4'	$ .60	
4' to 5'	.90	
5' to 6'	1.25	

Wisconsin Weeping, 50'. S. blanda. Large, graceful tree in which the weeping habit is not so pronounced as in the Babylon Willow.

6' to 8'	$ 1.50	$13.50
8' to 10'	2.25	20.00

Vines

For trellises, arbors, stone walls, lattice fences, and other supports, the following plants are variously useful, each in its own way. It is noteworthy also that many of these plants might also be called rambling plants, as, if not afforded support, they will amble about over the ground, making them useful as well for covering banks, and clothing unsightly locations, where this type of plant might be more desirable for use than the more upright shrubs. Climbing roses are listed in a later section. Plants marked (C) are climbing plants that will of their own accord climb up stone, brick, or masonry walls. Plants marked (T) are twining plants that will require a trellis, arbor, or similar support around which they can climb. Plants marked (R) are suitable for use as ramblers to cover walls or unsightly ground areas.

NOTE—The evergreen vines of **English Ivy, Euonymus,** etc., have been described under "Broadleaved Evergreen Shrubs."

AMPELOPSIS Heterophylla **Porcelain Ampelopsis.** New. 30′ (T). Vigorous, with deeply-cut foliage. Outstanding for its fruits which ripen in shades of lilac, pinkish-green and bright blue.

	Each	Per 10
2 yr. plants	$ .50	$ 4.50

Ampelopsis Tricuspidata Veitchi. **Boston Ivy,** 30′. Familiar vine that will adhere by air-roots to masonry walls, and in some cases to wood. It is the new growth that grows to the wall, consequently it is necessary to bring the growth into contact with the masonry to start.

2 yr. plants	$ .40	$ 3.50

BIGNONIA Radicans, **Trumpet Vine,** 50′. (T). High-growing, bush-like vine with interestingly cut foliage and quantities of scarlet, trumpet-shaped flowers.

2 yr. plants	$ .30	$ 2.20

BITTERSWEET—See Celastrus

CELASTRUS Orbiculatus, Oriental Bittersweet. (TR). Somewhat more vigorous than **American Bittersweet.** See cut inside front cover.

2 yr. plants	$ .40	$ 3.50

Celastrus Scandens, American Bittersweet, 20′. (TR). Well known vine with smooth green foliage, yellow flowers in June, and crimson berries in Fall. Berries much used for Winter bouquets.

2 yr. plants	$ .40	$ 3.50

CLEMATIS, Large Flowered Hybrids, 10′:

(T) **Duchess of Edinburg:** Large, white, double blooms.
(T) **Henryi:** Creamy-white, large blooms.
(T) **Mme. Edouard Andre:** Dark crimson.
(T) **Jackmani:** Purple.
(T) **Ramona:** Light blue.

2 yr. plants	$ .75	$ 6.75

Clematis Paniculata Sweet Autumn Clematis, 20′. (T). Vigorous "twiner". Small white, very fragrant flowers in great abundance in September.

2 yr. plants	$ .45	$ 4.00

LINDEN—Tilia

American, 80′. **Tilia** americana. Large, round headed tree for shade and lawn. Heart-shaped leaves. Greenish-white blossoms in June. Fast growing.

	Each	Per 10
6′ to 8′	$ 1.75	
8′ to 10′	2.50	

European. T. vulgaris, 90′. Very fine shade tree with small heart shaped leaves. Blossoms early summer.

CELASTRUS Orbiculatus, Oriental Bittersweet. (TR). Somewhat more vigorous than **American Bittersweet.** See cut inside front cover.

2 yr. plants	$ .40	$ 3.50

Celastrus Scandens, American Bittersweet, 20′. (TR). Well known vine with smooth green foliage, yellow flowers in June, and crimson berries in Fall. Berries much used for Winter bouquets.

2 yr. plants	$ .40	$ 3.50

CLEMATIS, Large Flowered Hybrids, 10′:

(T) **Duchess of Edinburg:** Large, white, double blooms.
(T) **Henryi:** Creamy-white, large blooms.
(T) **Mme. Edouard Andre:** Dark crimson.
(T) **Jackmani:** Purple.
(T) **Ramona:** Light blue.

2 yr. plants	$ .75	$ 6.75

Clematis Paniculata Sweet Autumn Clematis, 20′. (T). Vigorous "twiner". Small white, very fragrant flowers in great abundance in September.

2 yr. plants	$ .45	$ 4.00

CLEMATIS, Texensis (Coccinea), Scarlet Clematis, 10′ (TR). Scarlet flowers. Attractive vine.

	Each	Per 10
2 yr. plants	$ .40	$ 3.50

DUTCHMAN'S PIPE VINE. Aristolochia sipho (T). Large leaved luxuriant vine to 20′. Much used for screening porches and arbors, where its large foliage produces privacy. Named for its brown, pipe-shaped flowers.

2 yr. plants _____$ .65 $ 6.00

HONEYSUCKLE—Lonicera

Goldflame (Lonicera heckrotti **"Goldflame")** 15′ (TR). Bright flame-pink and creamy gold two-toned flowers make this the loveliest **new** vine ever offered.

2 yr. plants _____ $ .75 $ 6.75

Hall's, 20′. L. japonica halliana (TR). Almost evergreen foliage. Robust grower. Used also as ground cover. Sweet-scented yellow-white flowers are produced abundantly in Summer and followed generally by a second crop in September.

2 yr. plants _____$ .25 $ 2.25

Scarlet Trumpet, L. sempervirens (TR). Strong grower to 12′. Scarlet flowers June to September.

2 yr. plants _____$ .40 $ 3.50

IVY

American or **Virginia Creeper,** 30′. Ampelopsis quinquefolia (TR). Rapid growth, deeply-cut foliage, bright Fall foliage color. Useful where vigorous unrestrained growth is desired.

2 yr. plants _____$ .30 $ 2.70

Boston—See Ampelopsis.

MATRIMONY VINE

Chinese, 12′. **Lycium** chinense (TR). A strong growing bush-like vine mostly useful for covering rough banks, although it will also twine up supports. Purple Summer flowers followed by red fruit.

2 yr. plants _____$ .35 $ 3.20

POLYGONUM Auberti, **China Fleecevine,** or **Silverlace Vine,** 20′ to 50′ (T). Very fast growing vine with feathery, delicate foliage, and quantities of silver flowers in hanging panicles in mid-Summer.

2 yr. plants _____$ .60 $ 5.50

Silverlace Vine—See Polygonum.

Trumpet Vine—See Bignonia.

WISTERIA Chinese Purple, 20′ **Wisteria** sinensis (T). This well known vine is a rapid and strong grower, twining around supports, later becoming stronger in stem growth than the supports themselves. Plant where plenty of room is available. Fragrant, foot-long sprays of blue flowers in Spring. With severe pruning, this vine can be made into a bush. See cut inside front cover.

2 yr. grafted plants __$ .75 $ 6.75

Wisteria Chinese White, W. sinensis alba (T). A white flowered variety of the above.

2 yr. grafted plants__$ .75 $ 6.75

WISTERIA, NEW AND RARE LONG CLUSTER VARIETIES

2 yr. grafted plants ----------$1.00 each

Floribunda Rosea—Pink, 24 in. clusters.
Floribunda Longissima—Light purple, extra long clusters.
Naga Noda—Light lavender purple blooms, 3 ft. and over.
Shiro Noda—White, 24 in. cluster.
Venusta Alba—White.
Venusta Violacea—Blue violet, large flowers on 18 in. stems.

Tree Form Wisteria. Specially grafted plants on 4′ to 5′ stems bearing large clusters of flowers. Supply limited.

$6.00 each

Flowering & Ornamental Shrubs

This class of garden plants finds much use in planting work. For creating hedges, filling garden borders, and for foundation plantings, they make up a large part of our gardens. Shrubs may be chosen for particular places with reference to the various features of flower, foliage, berry, and habit of growth, so that the result is most satisfactory. Planted in straight lines and sheared to size, many of the deciduous shrubs make most attractive hedges.

Size 2 to 3 Ft. Except as Specified

ACANTHOPANAX Pentaphyllum. **Five-Leaved Aralia,** 6'. An upright shrub with thorny branches. Foliage of five-parted leaves, colored light green. Makes good hedge and border plant.

	Each	Per 10
	$ .60	$ 5.50

ALMOND. Double Pink Flowering, 5'. **Prunus** (Amygdalus) glandulosa. Small ornamental shrub with many double pink, rose-like flowers in early Spring. An old-fashioned favorite.

18" to 24"	$ .50	$ 4.50
2' to 3'	$ .75	$ 6.75

Almond. Double White Flowering. As above, but with white flowers.

	$ .75	$ 6.75

ALTHEA or Rose of Sharon, 15'. **Hibuscus** syriacus. Erect, broadheaded shrub valued for its flowers coming in late Summer. Variously grown in bush form or tree form.

Bush-form, by color only: (Spring only)

	Double Pink Double Red	Double Purple Double White
2' to 3'	$ .45	$ 4.00

Tree-form: Colors as above:

3' to 4'	$ .90	$ 8.00

AMELANCHIER—JUNEBERRY—SHADBLOW

Canadensis, 20 to 30'. Downy Shadblow. Erect habit, rather stout shrub or small tree. Snow white flowers early in Spring before the leaves appear. Fruits are relished by birds.

2 to 3'	$1.00	$ 9.00
3 to 4'	1.40	12.50
4 to 5'	2.00	18.00

Laevis, 20' to 30'. Allegheny Shadblow. The handsomest Amelanchier in flower with the young purplish foliage and drooping flower racemes expanding at the same time. Purple fruit.

3 to 4'	$1.40	$12.50
4 to 5'	2.00	18.00
5 to 6'	2.50	22.50

Stolonifera, 4 to 5'. Dwarf Shadblow. Dainty pure white flowers make a beautiful picture in very early Spring. Berries are large, tender, good to eat and for preserves.

2 to 3'	$1.25	$11.00

AMORPHA Fruticosa, **Indigo Bush,** 8′. A vigorous shrub with feathery foliage, good for borders and mass planting. purple flowers in June.

Each	Per 10
$ .45	$ 4.00

ARONIA Arbutifolia, **Red Chokeberry,** 6′. Small shrub with white flowers in Spring, red berries and highly colored foliage in the Fall.

$ .65	$ 6.00

Aronia Melanocarpa, **Black Chokeberry,** 6′. Low growing shrub with white flowers in Spring contrasted with black berries in Fall.

$ .65	$ 6.00

AZALEA Calendulacea, **Flame Azalea,** 6′. This azalea, sometimes listed under "Broad Leaved Evergreens" really is a deciduous shrub, dropping its leaves each Fall. Needs acid soil preparation.

18″ to 24″	$2.50 B&B
2′ to 2½′	3.00 B&B

Azalea Mollis, 4′. Chinese Azalea. Large, showy flowers in shades of orange and red in May or June. Likes sun.

12″ to 15″	$3.00 B&B

Azalea Nudiflora, Pinxterbloom, 5′. As above with light pink flowers.

18″ to 24″	$2.50 B&B
2′ to 2½′	3.00 B&B

BARBERRY, Red Leaved, 4′. Berberis thunbergii atropurpurea. Foliage bright red in Spring, dull red in Summer, and brilliant scarlet in Fall. For best coloring, palnt in full sun.

	Each	Per 10	Per 100
12″ to 15″	$ .30	$ 2.50	$20.00
15″ to 18″	.40	3.50	30.00
18″ to 24″	.50	4.50	40.00

Barberry, Green Leaved, Thunberg Barberry, 4′, **Berberis** thunbergii. Well known thorny plant with small yellow flowers in Spring, red berries and highly colored foliage in Fall. Useful in foundation plantings, borders, and in hedges, where it can be grown naturally or kept to a definite sheared size.

Well-branched transplants:

12″ to 15″	$ .20	$ 1.50	$12.00
15″ to 18″	.25	2.00	16.00
18″ to 24″	.30	2.50	20.00
2′ to 2½′	.45	4.00	35.00

Truehedge Columnberry, 4′. **Berberis** thunbergii pluriflora erecta. (Plant Patent No. 110. Offered under license from patent owner). Adaptable, hardy, rapid-growing, very useful barberry plant with distinctive columnar growth. Makes upright hedges that need practically no shearing.

9″ to 12″	$ .30	$ 2.50	$20.00
12″ to 15″	.35	3.00	25.00
15″ to 18″	.45	4.00	35.00
18″ to 24″	.50	4.50	40.00

Beauty Bush—See Kolkwitzia

BUDDLEIA, Davidi Magnifica. **Butterfly Bush** or **Summer Lilac,** 4′. Fast growing shrub with light green foliage and many lilac-like flowers in mid-summer. The wood of this plant is tender, and the best treatment is to cut the plant to within a few inches of the ground each Spring. Being of a vigorous nature, the plant will produce a new bush and crop of flowers each year. Attracts butterflies.

	Each	Per 10
2 yr. plants	$ .35	$ 3.20

Charming. A new outstanding pink variety. Flowers are a light lavender pink and are borne in profusion. See cut inside back cover.

2 yr. plants	$ .45	$ 4.00

Ile de France. Similar to above but with darker flower spikes of rosy purple.

2 yr. plants	$ .35	$ 3.20

CALYCANTHUS Floridus. **Carolina Allspice,** 5′. This shrub has a confusing number of common names, among which are "Strawberry Shrub", "Sweet Shrub", and several others. Glossy foliage and red-brown flowers in Spring, followed by seed-bearing husks.

$ .60 $ 5.50

COLUTEA Arborescens. **Bladder Senna,** 9′. Fine foliaged plants with small yellow flowers in Summer, followed by ornamental bladder-like pods.

$ .50 $ 4.50

DAPHNE Mezereum,**February Daphne.** A dwarf deciduous shrub that produces showy reddish-purple flowers very early in the spring before the leaves appear. Has scarlet berries in late summer.

15″ to 18″	$1.50 B&B

D. cneorum, **Rose Daphne** or **Garland Flower,** is listed on page 8, under section of "Broad-Leaved Evergreen Shrubs."

DEUTZIA

Lemoine, 4′. Slender upright branches are covered in early Summer with sprays of white flowers. Prefers sunny locations.

18″ to 24″	$ .40	$ 3.60

Pride of Rochester, 10′. D. scabra. Tall, upright shrub bearing in early Summer pink-tinted white flowers.

$ .45 $ 4.00

Gracilis, **Slender Deutzia,** 2′. Flowers in early Spring. Good dwarf plant for front of border.

12″ to 15″	$ .40	$ 3.60

DOGWOOD—Cornus

Alba Sibirica. **Coral Dogwood,** 8′. Bright, coral colored branches make this a prominent shrub in any planting. White flowers followed by bluish-white berries. Prefers moist ground, and will stand a considerable degree of shade.

$ .45 $ 4.00

Amomum, 8′. **Silky Dogwood.** Young twigs purple. Pale blue fruits. Prefers moist places.

$ .45 $ 4.00

DOGWOOD—Cont'd.

Mas. **Cornelian Cherry**, 20'. Tree-like shrub with yellow flowers in early Spring. Plant in sheltered location to prevent possible Winter injury.

Each	Per 10
$1.25	

Paniculata. **Gray Dogwood,** 12'. Shrub with white flowers and white fruits.

$ .50	**$ 4.50**

ELDER—Sambucus

American, **Common Elderberry,** 10'. **Sambucus** canadensis. Coarse foliaged angular plant with panicles of white flowers followed by the well known edible berries of blue-black color. Does well most anywhere, and will stand considerable soil moisture.

$ .45	**$ 4.00**

Cutleaf. S. canadensis acutiloba. An ornamental form of the preceding, with deeply cut foliage, giving the plant a more or less feathery appearance.

$ .45	**$ 4.00**

Golden, 8'. S. canadensis aurea. An ornamental type with golden foliage useful for producing foliage contrast.

$ .45	**$ 4.00**

ELEAGNUS Angustifolia. Russian Olive, 15'. Gray foliage covered with silvery dust. Large ornamental shrub. Orange berries in Autumn. Vigorous.

$ .45	**$ 4.00**

ELSHOLTZIA Stauntoni. Mint Shrub, 3-4'. Spikes of purple flowers borne in September make this a valuable accent in the garden, foliage aromatic.

2 yr.	**$ .90**	**$ 8.00**

EUONYMUS

Alatus. Winged Euonymus, 8'. Distinctive shrub with cork wings on branches. Brilliant foliage coloring in Fall. Red berries.

18" to 24"	**$1.00**	**$ 9.00**
2' to 3'	**1.25**	**11.00**

Alatus Compacta. Dwarf Winged Euonymus. A dwarf, compact form of the type. Splendid for hedge and foundation.

18" to 24"	**$1.50**	**$13.50**
2' to 2½'	**2.25**	**20.00**

Europaeus. Burning Bush, 15'. Tall, erect shrub. Brilliantly colored foliage in Fall, with bright pink fruits held until well into Winter.

2' to 3'	**$ .50**	**$ 4.50**
3' to 4'	**.75**	**6.75**

EXOCHORDA Grandiflora. Pearl Bush, 18'. Large, bushy shrub covered in Spring with many shining white flowers. Good for moist locations.

$ .60	**$ 5.50**

FORSYTHIA

Intermedia Spectabilis. Showy Border Forsythia, 8'. The best of the upright Forsythia or Goldenbells. Large bushy plants with sweeping, graceful foliage. In Spring, before leaves come out, the plant is covered with bell-shaped blooms of rich golden color.

$ .45	**$ 4.00**

FORSYTHIA—Cont'd.

Suspensa. Weeping Forsythia, 5'. A weeping, sprawling type of Forsythia useful for bank planting, or wherever a low matty shrub growth is wanted.

Each	Per 10
$ .45	$ 4.00

FRINGE

White, 15'. **Chionanthus** virginica. Tree-like large shrub with luxuriant foliage and hanging clusters of white fringy flowers in early Summer. Large blue-black fruits in Fall. Likes moist soil.

$1.00 **$ 9.00**

HALESIA Tetraptera. Silver Bell, 18'. Large shrubs or small trees with large leaves, and drooping, bell-shaped flowers, appearing before or with the leaves. Light brown fruits in Fall.

$ .75 **$ 6.75**

HAMAMELIS—See Witch-Hazel

HANSEN'S BUSH CHERRY. A new fruit bearing shrub developed by the great plant wizard, Prof. N. E. Hansen. Fruit grows massed in clusters almost completely covering the branches. Not only is it highly ornamental when in fruit, which is edible, but the cherries make wonderful rich jelly and jam. Perfectly hardy. Often bears the first year after planting.

$ .50 **$ 4.50**

HONEYSUCKLE—Lonicera

Fragrantissima. Fragrant Bush Honeysuckle, 8'. Lonicera Fragrantissima. Low, moundy plant with foliage persisting well into Winter. Plant in sheltered location in Rochester. Tiny, very fragrant flowers in early Spring before foliage appears.

$ .45 **$ 4.00**

Korolkowi. Blueleaf Honeysuckle, 10'. Very large, spreading shrub with blue-gray foliage. Small pink flowers in early Summer with red berries in Fall.

$ .75 **$ 6.75**

Morrowii. Morrow Honeysuckle, 8'. Spreading shrub with yellowish-white flowers followed by bright red fruits. See cut inside back cover.

$ .45 **$ 4.00**

Pink Tatarian Honeysuckle, 10'. L. tatarica rosea grandiflora. Pink flowers, scarlet fruits.

$ .40 **$ 3.60**

Red Tatarian Honeysuckle, 10'. L. tatarica sibirica (rubra). As above, but with red flowers.

$ .45 **$ 4.00**

White Tatarian Honeysuckle, 10'. L. tatarica alba. Tall, vigorous shrub. White flowers and scarlet fruits.

$ .45 **$ 4.00**

HYDRANGEA Arborescens Grandiflora. Hills of Snow, 4'. Low, moundy, large-leafed plants well-known for the large snowball blossoms of white, coming in July and August. Stands shade. It is generally best to cut this type down nearly to the ground every Spring.

18" to 24"	$ .40	$ 3.60
2' to 3'	.50	4.50

Hydrangea Peegee, 6'. **Hydrangea** paniculata grandiflora. Upright, stiff-branched shrub with large heads of pink and white flowers coming in late Summer.

	Each	Per 10
18" to 24"	$ .40	$ 3.60
2' to 3'	.50	4.50
Tree Shape:		
3' to 4'	1.50	

HYPERICUM Aureum. Golden St. Johnswort, 4'. More or less continuous yellow flowers, and attractive foliage make this a valuable, hardy plant.

18" to 24"	$ .60	$ 5.50

Hypericum Moserianum. Goldflower, 2'. Shiny green leaves. Abundant flowers from mid-season on. Yellow.

12" to 15"	$ .50	$ 4.50

ILEX Verticillata. **Winterberry,** 6'. Spreading bush doing best in moist, shady places. Brilliant red berries are carried on the plant all Winter long.

18" to 24"	$ .60	$ 5.50

KOLKWITZIA Amabilis. **Beauty Bush,** 6'. A bushy, erect shrub with graceful branching habit. Bright pink, foxglove-like flower in profusion in early Summer. (See cut inside front cover).

	$1.00	$ 9.00

KERRIA Japonica. **Globeflower,** 4'. A slender, bright green branched shrub with round golden flowers in Spring.

18" to 24"	$ .65	$ 6.00

LESPEDEZA Bicolor, 5' **Bushclover.** Fine pea-like foliage covered with purple pea-like flowers in July.

2 yr. plants	$ .60	$ 5.50

LILAC—Syringa

French-Hybrid Lilacs

S. vulgaris **Hybrids,** 10'. The hybrids are well-known to Rochester people as the greater part of the beautiful Highland Park collection. A selected list of the better varieties.

18" to 24"	$ .80	$ 7.20
2' to 3'	$1.00	9.00

Adelaide Dunbar—Double, red
Aline Mocqueris—Single, dark purplish-red
Belle De Nancy—Double, satiny-rose
Charles X—Single, red-purple
Dr. Charles Jacobs——Single, dark bluish purple
Edith Cavell—Double, white
Emile Lemoine—Double, pink
Guizot—Double, purple
Jan Van Tol—Single, white
Jean Bart—Double, rosy-carmine
Lamarck—Double, rosy-lilac
Ludwig Spaeth—Single, dark purplish-red
Mme. Lemoine—Double, white
Marie Le Graye—Single, white
Michael Buchner—Double, pale lilac
Negro—Single, dark purple
Paul Thirion—Double, claret-rose
Pres. Grevy—Double, blue
Pres. Lincoln—Single, wedgewood blue
Pres. Poincare—Double, rosy-lilac

LILAC—Cont'd.

Pres. Roosevelt—Single, claret-red
Volcan—Single, ruby red
Waldeck Rousseau—Double, deep violet

Lilac Chinese, 12'. **Syringa** chinensis (rothomagensis). Fine foliage, much branched lilac with compact clusters of purplish lilac flowers.

	Each	Per 10
2' to 3'	$ .65	$ 5.50

Common Purple Lilac, 18'. S. vulgaris. A grand old plant to be found in many old gardens. With age, will reach mighty proportions for a shrub. Very fragrant lilac blossoms.

2' to 3'	$ .50	$ 4.50

Common White Lilac, 20'. S. vulgaris alba. The white variety may grow somewhat higher than the purple, and the flowers are a bit more numerous.

2' to 3'	$ .75	$ 6.75

Josikaea. **Hungarian Lilac,** 12' Heavy dark green foliage with late purple flowers.

2' to 3'	$ .75	$ 6.75

Villosa. **Late Lilac,** 12'. A tree-like shrub with pale pink flowers in late June. Not fragrant.

2' to 3'	$ .65	$ 6.00

MOSS LOCUST, or **Rose Acacia, Robini** hispida, in bush form. Pink flowers in pendulous clusters in Summer.

2' to 3'	$ .80	$ 7.00

MYRICA Carolinensis. **Bayberry** or **Northern Wax Myrtle,** 9'. Spreading shrub with lustrous foliage that turns in Autumn to beautiful purplish bronze tints. Valuable plant for use on dry, poor soil. Gray berries in clusters lasting well into Winter.

12" to 15"	$ .90	$ 8.00

PHILADELPHUS—Mockorange

Coronarius, or **Sweet Scented Syringa,** 10'. Large shrub known in gardens for many years. White flowers.

	$ .45	$ 4.00

Golden, 5'. **Golden Mockorange.** Dwarf variety distinguished by golden foliage. White flowers.

12" to 15"	$ .50	$ 4.50

Lemoine. **Lemoine's Hybrid Mock Orange,** 5'. Small bush with semi-double, fragrant flowers clustered along slender branches.

	$ .60	$ 5.50

Virginal, **Virginal Mock Orange,** 8'. The outstanding Mock Orange. Very large, semi-double flowers, fragrant. Flowers are borne in great profusion. More or less everblooming throughout Summer and Fall. See cut inside back cover.

18" to 24"	$ .50	$ 4.50

PHYSOCARPUS Opulifolius. **Ninebark,** 10'. Large, fast growing shrub useful in border and screen plantings. White flowers in early Summer followed by red fruit in late Summer.

	$ .45	$ 4.00

Physocarpus Opulifolius aureus. **Golden Ninebark,** 8'. Also called **Golden Spirea.** Shrub as above but with golden foliage.

	Each	Per 10	Per 100
	$ .45	$ 4.00	

PHOTINIA Villosa. **Red Berry Photinia,** 10'. Has glossy foliage that turns red in Fall. White flowers in June are followed by brilliant red berries which stay until mid-Winter.

18" to 24"	$ .50	$ 4.50	
2' to 3'	.60	5.50	

PRIVET—Ligustrum

Amur, 12'. **Ligustrum** amurense. While this plant will make a large shrub, it is usually grown in hedge form. The plant in general is very similar to the extensively used California privet, but has the added advantage of being thoroughly hardy.

12" to 18"	$ .12	$ 1.00	$ 7.50
18" to 24"	.15	1.20	10.00
2' to 3'	.20	1.80	15.00

California, 10'. L. ovalifolium. Vigorous plant mostly used for hedges. Holds leaves until well into Fall. In especially severe Winters, this variety will freeze to the ground, throwing up new growth from the base of the plant.

12" to 18"	$ .12	$ 1.00	$ 7.50
18" to 24"	.15	1.20	10.00
2' to 3'	.20	1.80	15.00

Ibota or **Chinese Privet,** 8'. L. ibota. A large spreading shrub with white flowers followed in Fall with black berries. A useful shrub for borders and foundations. Planted in line, it can be sheared to make a good privet hedge of broad proportions.

18" to 24"	$ .30	$ 2.50	$20.00
2' to 3'	.40	3.50	30.00

Regel's, 6'. L. ibota regelianum. Spreading semi-upright shrub for general garden use in addition to hedge use, in which case it makes a fine, broad hedge. See cut inside back cover.

18" to 24"	$ .60	$ 5.00	$40.00
2' to 2½'	.70	6.00	50.00

QUINCE, Flowering, 5'. **Cydonia japonica.** Brilliant scarlet or orange-scarlet flowers appear on the twisty branches before the foliage. An old-fashioned shrub of proven garden merit. (See cut inside front cover).

18" to 24"	$ .45	$ 4.00	
2' to 3'	.60	5.50	

RHAMNUS Frangula. **Glossy Buckthorn,** 8'. Thorny, large shrub or small tree with attractive foliage. Red berries changing to black are borne at the base of the smaller twigs. Excellent for barrier hedges.

3' to 4'	$ .75	$ 6.75	

RHODOTYPOS Kerrioides. Jetbead, 6'. Arching branches make this a graceful shrub. Single white flowers in early Summer produce in Fall clusters of hard, shining black berries, from which the plant derives its name.

	$ .60	$ 5.50	

RUBUS Odoratus. **Flowering Raspberry,** 5′. Brown stemmed, narrow shrub. Light raspberry-like foliage on upright canes. Fragrant rosy purple flowers in early Summer.

Each	Per 10
$ .40	$ 3.60

SMOKETREE or **Purple Fringe,** 12′. **Rhus cotinus.** Feathery shrub with showy flowers followed by long haired seed that give the plant the appearance of being covered with a purple film of smoke.

$1.00	$ 9.00

SPIREA

Anthony Waterer, 3′. Upright, medium low shrub with flat flower clusters of rose-pink in mid-Summer.

12″ to 15″	$ .30	$ 2.70

Arguta. **Garland Spirea,** 6′. Taller and more vigorous than S. thunbergii, this plant is covered in early Spring with a multitude of dainty flowers of pure white. Graceful, branching habit.

18″ to 24″	$ .35	$ 3.20
2′ to 3′	.45	4.00

Billiardi. **Billiard's Spirea,** 5′. Upright plant with deep rose colored flower panicles in July and August.

$ .45	$ 4.00

Callosa Alba. **White Spirea,** 2′. A low Spirea with flat flower panicles of white in mid-Summer. Continues to flower more or less through season.

12″ to 15″	$ .35	$ 3.20

Douglas, 8′. S. douglasi. Tall growing type with rosy-red flowers July and August.

$ .45	$ 4.00

Frobeli, 4′. A type similar to, but larger than Anthony Waterer. Blooms of rose-pink during July and August.

18″ to 24″	$ .40	$ 3.60
2′ to 3′	.50	4.50

Prunifolia Plena. **Double Bridalwreath,** 8′. The old-fashioned and valuable plant of older gardens. Beautiful small, double flowers in great profusion in early Spring before the flowers of the Van Houtte Spirea. Brilliant orange Fall foliage.

$ .60	$ 5.50

Thunbergi. **Thunberg's Spirea,** 5′. Thin arching branches make this a very graceful shrub. Small, single flowers completely cover plant in Spring. Scarlet and orange foliage in Fall.

18″ to 24″	$ .40	$ 3.60
2′ to 2½′	$ .50	$ 4.50

Trichocarpa. **Korean Spirea,** 6′. Dome-shaped bush very similar to Van Houtte Spirea but with larger flowers coming much later. Somewhat coarser plant than S. van houttei, but meeting with great popularity.

$ .50	$ 4.50

SPIREA—Cont'd.

Van Houtte, 8' . Common "Spirea," also called "Bridal-wreath." Seen everywhere, this plant is none the less graceful if given enough room to grow in naturally, and pruned properly at the right time.

	Each	Per 10	Per 100
18" to 24"	$ .20	$ 1.80	$16.00
2' to 3'	.30	2.70	24.00
3' to 4'	.40	3.60	32.00

STEPHANANDRA Flexuosa, 6'.

Erect-growing shrub with elegant fern-like foliage.

18" to 24"	$ .35	$ 3.20

SUMAC—Rhus

Cutleaf, 15'. Rhus typhina laciniata. Deeply cut leaves give this plant a fern-like appearance. Scarlet berries and brilliant foliage in Fall.

$ .50 $ 4.50

Fragrant, 5'. R. canadensis. Spreading shrub with aromatic foliage. Yellow flowers in Spring. Red berries in Summer. Brilliant Fall foliage color. Good for bank planting.

$ .75 $ 6.75

Glabra, Smooth Sumac, 10'. R. glabra. Smooth leaves and branches. Scarlet fruit. Bright Fall foliage.

4' to 5'	$ .90	$ 8.00
5' to 6'	1.25	11.00

Staghorn, 15'. R. tyhina. Tall tree-like shrub with angular branches and large foliage. Brilliant foliage in Autumn and red berried terminal flower clusters. Does well on dry, poor soil.

6' to 8'	$1.50	$13.50

SYMPHORICARPOS—Snowberry

Chenaulti. Improved Coralberry, 4'. More refined plant than the parent type. Arching branches give fountain-like appearance to the plant. Red berries stay on plant until well into Winter.

$ .45 $ 4.00

Racemosus. Common Snowberry, 6' A gay shrub that will take much abuse. Stands shade and poor soil. Has small foliage with light pink flowers followed in late Summer and early Fall by quantities of white, waxen berries that last until Winter.

$ .45 $ 4.00

Vulgaris. Coralberry, Indian Currant, Red Snowberry, 4'. This plant will also do in poor locations. Excellent for clothing dry banks. Light red flowers followed by small clusters of fruit that remain on plant until well into Winter.

$ .45 $ 4.00

TAMARIX

Africana. African Tamarix, 12'. Upright shrub with feathery light green foliage. Small pink flowers borne profusely on gracefully bending branches in May and June.

$ .45 $ 4.00

TAMARIX—Cont'd.

Pentandra (Hispida Aestivalis). Fivestamen Tamarix, 8'. A distinct kind with delicate, soft sprays of pink flowers in July and August.

Each	Per 10
$ .45	$ 4.00

VIBURNUM—Viburnum

Americanum. American Cranberry Bush, 10'. Large, strong foliaged plant with white flowers followed by red berries that mature in late Summer and remain on plant all Winter.

$ .75 $ 6.75

Carlesi. Fragrant Viburnum, 5'. Easily, the choicest Viburnum variety. As the foliage unfolds in the Spring, this plant is covered with ball-like, pink flowers that give out a fragrance similar to that of the Mayflower. Plant in a sunny, well-drained location, and give plenty of moisture during the growing season. No garden should be without a plant of this Viburnum.

18" to 24" _____$3.00 B&B
2' to 2½' _____ 4.00 B&B

Cassinoides. Withe-Rod, 7'. Glossy foliaged plant with blue berries in Fall, changing to black as Winter advances.

$1.00 $ 9.00

Dentatum. Arrowwood, 12'. Upright, slender growth with white flowers followed by black fruit in Fall, along with brilliant colored foliage.

$ .60 $ 5.50

Lantana. Wayfaring Tree, 15'. Tall, upright grower with wrinkle-textured foliage and panicles of white flowers. In Fall, has bright red fruit that later changes to black. Like all Viburnums, this plant does best in a slightly moist and cool, but open location.

$ .60 $ 5.50

Lentago. Nannyberry, 18'. White flowers in May, blue-black fruits.

$1.00 $ 9.00

Opulus. European Cranberrybush, 10'. Large-leaved, strong-growing plant with panicles of white flowers followed by clusters of brilliant red fruits in Fall.

$ .75 $ 6.75

Opulus Sterile. Common Snowball, 12'. Distinguished by round, ball-like clusters of snow-white flowers in Spring. Plant in well-drained, open location.

$ .65 $ 6.00

Tomentosum. Doublefile Viburnum, 8'. An outstanding tree-like shrub set apart by its horizontally branching habit, and profusion of white flowers. Short-lived red fruits in Fall.

$ .75 $ 6.75

Tomentosum Plicatum. Japan Snowball, 8'. Similar to the Common Snowball. Perfectly round balls of white flowers. No fruits.

$1.00 $ 9.00

VITEX—Chaste-Tree

Macrophylla. Large leaved Lilac Chaste-Tree, 3-4'. Attractive palmate foliage forms a lacy background for the large showy lavender-blue flower spikes during late Summer.

	Each	Per 10
18" to 24"	$ .50	$ 4.50

WEIGELA—Diervilla

Eva Rathke, 5'. **Weigela (Diervilla)** Eva Rathke. This plant makes a flowering mass, accented in July by many bell-shaped scarlet flowers. Plant in well drained sunny locations.

18" to 24"	$ .45	$ 4.00

Floribunda. Crimson Weigela, 8'. A bit more vigorous than the preceding variety, this plant is covered in early Summer with a multitude of crimson, bell-shaped flowers.

$ .50	$ 4.50

Rosea. Pink Weigela, 8'. A good plant for the sunny border, and as its related varieties, has a great display of flowers, in this case of a pleasant shade of pink.

$ .45	$ 4.00

Variegated Leaf, 6' to 8'. W. nana variegata. Pale pink flowers. Variegated leaves; dwarf compact growth.

$ .60	$ 5.50

WITCH-HAZEL, Hamamelis Virginiana, 15'. Large shrub with yellow flowers in October or November. Prefers moist semi-shaded location.

$ .80	$ 7.00

ZANTHOXYLUM Schinifolium, 20'. From Manchuria. The original plant of this was received by us from the U. S. D. A. several years ago. A graceful shrub with attractive compound leaves and small greenish or whitish flowers. Rather conspicuous clusters of small greenish or brownish fruits in the Autumn.

2 yr. bushy plants, 12 to 15 in. ---------- **$1.00 each**
2 yr. bushy plants, 15 to 18 in. ---------- **$1.25** each

Roses

"The Queen of Flowers"

A glorious group of garden plants made up of Ramblers, Climbers, and bush types. The Rose is so distinctly a garden plant that many gardens are devoted solely to Roses.

Our formal garden, consisting of 1,200 plants, was planted without special reference to location or soil preparation, and was pronounced by many to be the finest in this section. Come and feast your eyes on this beautiful garden during the blooming season, from June on till frost.

RAMBLER and CLIMBER ROSES

Price, on all following kinds:

	Each	Per 10
2 year, No. 1 plants	$ .70	$6.00

American Pillar. Single pink flowers in clusters.

Climbing American Beauty. Large flowers of purplish-crimson. Individual blooms.

Dorothy Perkins. Shell-pink flowers in large clusters.

Dorothy Perkins White. As above, with white flowers.

Dr. W. Van Fleet. Individual large flowers of pale pink. Long stems.

Excelsa. Bright crimson flowers in large clusters.

Flower of Fairfield. Large clusters of crimson flowers often repeated throughout Summer.

Gardenia. Creamy yellow flowers and buds.

Hiawatha. Single, crimson flowers in clusters.

Jacotte. Large, semi-double, coppery yellow-red, individual flowers.

Mary Wallace. Large, pink blooms.

Paul's Scarlet Climber. Large, scarlet-red flowers. A valuable favorite.

Primrose. Many large canary-yellow flowers.

Scorcher. Vermillion flowers. Rapid grower. Repeats blooms.

Silver Moon. Golden-yellow buds change to pure white.

Staechelin (Spanish Beauty). Crimson buds. Fragrant pink flowers.

Star of Persia. Pure yellow. Large blooms.

Tausendschoen. Creamy-white to soft pink flowers in clusters.

SPECIAL PATENTED VARIETIES

Blaze. Plant Patent No. 10. A Paul's Scarlet type that repeats its flowers throughout Summer.

Rochester. Plant Patent No. 131. Floribunda type, pink and buff.

	Each
2 year, No. 1 plants	$1.00

MOSS ROSES

Favorites for Old-fashioned Gardens

	Each	Per 10
2 year, No. 1 plants	$ .70	$6.00

Crested Moss. Hooded pink bud and feathery petalled pink flower.

Salet Moss. Large, flat, rosy-pink blooms sometimes reblooming.

DWARF POLYANTHA or "BABY" ROSES

Shrubby, little rose bushes with rambler-type blooms, rarely growing more than two feet high. Fine for low rose hedges or in beds, or in front part of shrub borders.

	Each	Per 10
2 year, No. 1 plants	$ .70	$6.00

Baby Rambler. Fine heads of small crimson flowers.
Cameo. Salmon pink and gold .

Cecil Brunner. (Sweetheart Rose). Somewhat larger bush than the general type. Free bloomer. Tiny light pink tea-rose like flowers, much favored for boutonnieres.

Ellen Poulsen. Soft, rose-pink flowers.

Erna Teschendorff. Bright red type.

Gloria Mundi. Huge clusters of orange-scarlet flowers.

Golden Salmon. Reddish orange.

Gruss an Aachen. Hybrid-tea type flowers orange-red to pink in bud, paling to soft salmon-pink and white on opening.

Katherine Zeimet. White.

Orange Perfection.

Orleans. Light red.

Rodhatte. Cherry red.

Rudolph Kluis. Vermillion.

HYBRID PERPETUAL AND MISC. ROSES

Also called "June Roses", this type blooms heavily in June, and less frequently through the balance of the season.

2 year, No. 1 plants	$ .70	$6.00

Earl of Dufferin. Velvety-crimson blooms.
Fisher Holmes. Crimson scarlet.
Frau Karl Druschki. White buds and flowers all season.
General Jacqueminot. Clear red blooms.
Harrison's Yellow. Bright yellow.
Hugonis. Yellow.
J. B. Clark. Deep scarlet flowers.
Magna Charta. Bright pink flowers.
Marshall P. Wilder. Scarlet-crimson.
Mrs. J. H. Laing. Soft-pink flowers.
Paul Neyron. Clear pink flowers.
Persian Yellow. Shrub rose with small, dark yellow blooms in early Spring.
Prince C. de Rohan. Crimson maroon.
Soleil d' Or. Golden yellow flowers.
Ulrich Brunner. Large, cup-shaped, geranium-red flowers.

RUGOSA ROSES

These are bush-type roses. A rugged type of plant, it is useful as a bedding rose, or hedge rose, or in the shrub border.

2 year, No. 1 plants	$ .70	$6.00

Agnes. Fragrant, double yellow blooms.
Conrad F. Meyer.. Intense pink.

Both single and double florets in a wide range of color. (See cut, inside front cover). **$ .50 each $ 4.00 per 10.**

Dianthus barbatus, **Sweet William.** Old time favorite. Excellent for cutting. Assorted colors in June. 18".

Newport Pink Sweet William. An improved pink form.

Scarlet Beauty Sweet William. A new scarlet type.

White Sweet William. An all white kind.

***Dianthus** granaticus, **Hybrid Pink.** Good rock garden plant. Purple flowers in July. 6".

***Dianthus** latifolius atrococcineus, **Everblooming Hybrid Sweet William.** Velvety crimson flowers June to October, 8".

***Dianthus** plumarius, **Clove Pink.** Double white and pink flowers throughout Summer. Border or Rock Garden, 10".

Dicentra spectabilis, **Bleeding Heart.** Clusters of heart-shaped pink flowers in Spring. 2'. **$ .40 each. $ 3.50 per 10.**

Dictamnus fraxinella, **Gas Plant.** Rosy-pink flowers in June and July, 2½'.

D. fraxinella alba. As above with white flowers.

Digitalis gloxinaeflora, **Hybrid Foxglove.** Variously colored flowers in spikes 3' high during June and July.

Doronicum caucasicum **Leopard's Bane.** Yellow flowers April to June, 3'.

Echinops ritro, **Globe Thistle.** Thistle-like plants. Blue flowers July and August, 3'.

Erigeron speciosus grandiflorus, **Fleabane.** Daisy-like purple flowers May to October. 2'.

Eulalia gracillima. A narrow-leaved ornamental grass with summer panicles, very showy.

	Each	Per 10	Per 100
All Above, Except as Noted	$ .25	$ 2.00	$18.00

Eulalia zebrina. As preceding, but with banded leaves.

Euphorbia corollata, **Spurge.** Pure white, gypsophilla-like flowers, June to August, 18".

Funkia caerulea lanceolata, **Plantain Lily.** Broad, green leaves, blue flowers from July to August, 2'.

Funkia variegata, **Variegated Leaved Plantain Lily.** Blue flowers July to August. Variegated leaves. 18".

Gaillardia aristata, **Blanket Flower.** Yellow and red flowers from May to frost.

Gypsophila Bristol Fairy, **Bristol Fairy Baby's Breath.** New variety with panicles of double white flowers throughout Summer, 2½'. **$ .50 each. $ 4.00 per 10.**

G. paniculata, **Baby's Breath.** White flowered parent type of above with smaller individual flowers.

*G. repens. A trailing rock garden plant with many small white and pink flowers in July and August, 6".

Helenium autumnale, **Sneezewort.** Yellow flowers August and September. Good border plant. 5'.

***Helianthemum** mutabile, **Sun Rose.** Low growing evergreen habit with deep yellow flowers in June and July, 8".

Helianthus maximilliana, **Perennial Sunflower.** Golden-yellow flowers in 6' long sprays in September and October.

Heliopsis pitcheriana, **Orange Sunflower.** Deep golden-yellow flowers on stems 3' high bloom in July and August.

Helleborus niger, **Christmas Rose,** 1'. Evergreen foliage. Large white flowers December to March. An old-time favorite. **$ .75 each.**

Hemerocallis flava, **Lemon Lily.** Sweet scented clear yellow flowers in June.

Hemerocallis fulva, **Tawny Day Lily.** Coppery-orange, shaded crimson flowers in July, 3'.

***Heuchera** rosamundi, **Coralbells.** Coral-pink flowers in June and July, 2'.

*H. sanguinea, **Coralbells.** Bright crimson flowers June to September, 18".

Hibiscus moscheutos, **Mallow.** Shrub-like perennial flowers 4' and upwards, of variously colored flowers in August and September. Red, White or Pink .

Hieracium villosum, **Shaggy Hawkweed.** Silvery foliage. Bright golden flowers June to August. 3'.

All Above, Except as Noted	Each	Per 10	Per 100
	$ .25	**$ 2.00**	**$18.00**

Hollyhocks (Althea rosea). Tall, spike-like plants 4′ and up. Variously colored flowers July to September. Double pink; Double red, Double white; Double yellow.

*Iberis sempervirens, **Candytuft.** Low, spreading half-shrubby plant, with foliage partially evergreen, and many white flowers in April and May. Good rock plant.

*Incarvillea delavayi. Large rosy purple flowers. June and July. 18″.

Inula hirta. Brilliant flowers produced in July and August on stems 12 to 15 in. high.

*Iris cristata, **Crested Iris.** A lovely light blue, very dwarf iris blooming in May and June. 6″.

*Iris pumila, **Miniature Flag.**

White: White blossoms in April and May on 4″ high plants. Good rock garden plant.

Blue: As above, but with blue flowers.

Yellow: As above, but with yellow blossoms.

Iris germanica, **Liberty Iris.** Well known border iris blossoming in May.

Ambassador: Bronze and maroon.
B. Y. Morrison: Violet-purple.
Celeste: Blue
Crusader: Blue.
Cubero: Yellow-maroon.
Fulda: White and lilac.
Gold Imperial: Golden Yellow.
Her Majesty: White and crimson.
Honorabile: Yellow and crimson.
Lent A. Williamson: Violet and purple.
Lohengrin: Rose.
Lord of June: Lavender blue.
Mad. Chereau: White and blue.
Monsignor: Violet and purple.
Mother of Pearl: Pearl tints.
Mrs. Darwin: White and blue.
Parisensis: Purple.
Pallida Dalmatica: Lavender.

Iris kaempferi, **Victory Iris** (Mixed). Flat blooms of various colors in July, 3′.

Iris sibirica, **Blue Siberian Iris.** Narrow foliage. Blue flowers in June, 2½′

Iris siberica Snow Queen **Snow Queen Siberian Iris.** As above, but with white flowers.

Lathyrus latifolius, **Pink Perennial Pea.** A trailing, vine-type perennial with pink pea-like flowers in June and August. Can also supply in white.

Lavandula officinalis, **Sweet Lavender.** Very fragrant blue flowers in July and August. 2′.

Liatris pycnostachya, **Blazing Star.** Long spikes of purple flowers in mid-summer.

*Linum perenne, **Flax.** Blue flowers June to September. Feathery foliage, 18″.

Lobelia cardinalis, **Cardinal Flower,** 2′. Bright fiery red flowers on a somewhat branched spike. Likes a moist soil.

Lupinus polyphyllus, **Hardy Lupine.** Spikes of blue flowers in June, 3′. There are also available rose and white flowered types.

	Each	Per 10
Russell Hybrids, 3′. A new variety of Lupine having a wide range of color and heavier flower stalks.	**$ .50**	**$ 4.00**

	Each	Per 10	Per 100
All Above, Except as Noted	**$ .25**	**$ 2.00**	**$18.00**

*Lychnis alpina **Dwarf Campion.** Rock garden plant with rose-pink flowers in April and May.

L. chalcedonica **Campion** or **Maltese Cross.** Scarlet flowers June and July, 2'.

L. viscaria **Campion.** Red flowers May to July, 2'.

L. viscaria fl. pl. **Double Flowered Campion.** As preceding, but with double flowers.

Von Hochberg: Brilliant red.

Physalis francheti, **Chinese Lantern.** Well known plant bearing bright orange fruit pods or "lanterns" very useful as everlasting decorations for house. 2'.

Physostegia virginica, **False Dragonhead.** Pink flowers July and August, 3'.

*P. virginica vivid, **Dwarf False Dragonhead.** As above but with deeper pink flowers three weeks later on a much smaller plant, 20".

Platycodon grandiflora, **Balloonflower.** Blue flowers all summer, 20".

	Each	Per 10	Per 100
All Above, Except as Noted	$ .25	$ 2.00	$18.00

*Plumbago larpentae, **Leadwort.** Deep blue flowers in August and September. 6″.

*Polemonium reptans, **Jacob's Ladder.** Dwarf plant with flowers in Spring. Good rock plant. Fine foliage, 6″.

*Primula: **Primrose.** Low plants with yellow blooms throughout season.

Pyrethrum hybridum, **Painted Daisy.** Pink, white and red flowers May and June, 2½′.

Pyrethrum uliginosum, **Giant Daisy.** White, daisy-like flowers July to September, 3′.

*Ranunculus acris fl. pl., **Double Buttercup.** Double yellow flowers May and June, 18″.

*R. repens fl. pl. Dwarf form. As above, but of dwarf and lower growth.

Rudbeckia Golden Glow. Masses of golden yellow Dahlia-like flowers in late Summer. 6′.

R. hirta, **Black Eyed Susan,** 3′. Orange and black, daisy-like flowers, August.

R. purpurea, **Giant Purple Coneflower.** Purple flowers with brown, cone-shaped centers from July to October, 3′.

Salvia azurea, **Sage.** Many sky-blue flowers during August and September, 3′.

Salvia pratense, **Meadow Sage.** Lilac flowers June to September, 2′.

Scabiosa caucasica. **Blue Bonnet. Pincushion Flower.** Lovely flowers of a soft charming shade of lavender. June to September. 18 to 24 inch.

*Sedum acre, **Golden Moss.** Slow spreading rock garden and covering plant with green foliage and bright yellow flowers.

*S. album, **Dwarf Sedum Variety.** Thick, waxy, round foliage; white flowers, 2″.

*S. anglicum. Moss-like plant for rockery. Soft-pink star-like flowers completely cover plant in early Summer. 3″.

*S. Coccinium, Crimson flowers in July and August. Good rock garden sedum variety. 6″.

*S. glaucum, **Dwarf Sedum Variety.** Slow, prostrate growth; good rock plant.

*S. lydium, **Dwarf Sedum Variety.** Prostrate growth, gray-green foliage turning red in Winter; white flowers.

*S. sarmentosum, **Dwarf Sedum Variety.** Dwarf creeper for rock gardens and walls. Fast grower.

*S. spectabilis "Brilliant." **Tall variety of Stonecrop.** Broad, light-green foliage and large heads of bright red flowers in August and September, 15″.

*Sempervivum fimbriatum, **Fringed Houseleek.** Evergreen succulent plant making regular rosettes of gray foliage an inch and a half across. Red flowers on panicles 10″ high.

*S. globiferum, **Globe Houseleek.** Round globes of thick green leaves with occasional yellow flowers on panicles.

	Each	Per 10	Per 100
All Above, Except as Noted	$ .25	$ 2.00	$18.00

*Sempervivum soboliferum, **Hen and Chickens.** Well known Sempervivum type with pronounced rosette growth.

*Silene schafta, **Autumn Catchfly.** Bright pink flowers July to October. Excellent rock plant. 4".

Spirea filipendula, **Astilbe,** or **Goat's Beard.** Many panicles of white flowers on 15" stems in June and July; fern-like foliage.

S. palmatum elegans, **Goat's Beard** variety. Plumes of pink flowers in June, 3'.

Statice latifolia, **Great Sea Lavender.** Very large heads of purplish-blue, minute flowers in July and August, 2½'. Flowers may be cut and dried, and will last in perfect condition for months.

Stokesia cyanea coerulea, **Cornflower Aster.** Lavender-blue flowers July to October, 18".

*Teucrium Chamaedrys. **Germander.** Glossy green foliage similar to dwarf boxwood. Fine for edging formal gardens. Can be clipped to any height up to 12 inches.

*Thymus citriodorus, **Lemon Thyme.** Prostrate creeping form of rock plant, with insignificant pink flowers.

Tradescantia virginica, **Spiderwort.** Blue flowers all Summer; does well in poor locations, and will stand shade.

Tritoma pfitzeri, **Red Hot Poker** or **Torchlily.** Brilliant orange-scarlet flower spikes August to October, 3'. **$ .30 each. $ 2.50 per 10.**

Trollius europaeus, **Globe Flower.** Large, lemon yellow flowers like buttercups in May and June 2'. **$ .30 each. $ 2.50 per 10.**

*Tunica saxifraga, **Coatflower.** Light pink flowers all Summer, 6".

Valerian or **Hardy Garden Heliotrope,** Valeriana officinalis, 3'-4'. A hardy perennial with rose-tinted white flowers in July. Has a strong heliotrope odor.

Veronica longifolia subsessilis, **Clump Speedwell,** or **Blue Bird Flower.** Blue spikes of flowers July to September, 2'.

*V. repens, **Dwarf Speedwell.** Light blue flowers May and June. Rock and carpeting plant, 2".

V. spicata. Violet-blue flowers in spikes all Summer, 2'.

Vinca minor, **Periwinkle** or **Myrtle.** Evergreen trailing plant. The leaves are retained over Winter, and new growth put on annually. In Spring and Fall and occasionally through Mid-Summer, the plant is covered with attractive purple flowers. Most useful as a ground cover under evergreens on banks, or in garden locations difficult to clothe otherwise with green. Roots as it spreads and is a good soil binder. **$ .25 each. $2.00 per 10. $15.00 per 100.**

Vinca minor variegata. Same as above but with variegated foliage and not quite as rank a habit of growth.

	Each	Per 10	Per 100
All Above, Except as Noted	**$ .25**	**$ 2.00**	**$18.00**

Viola cornuta, Tufted Pansy. The following varieties of Viola are attractive large flowered plants, doing well in either sun or shade. In contrast to the common Pansy, these violas bloom throughout the season and produce large blooms from Spring to Fall.

Apricot: Fine apricot colored blooms.

Arkwright Ruby: Striking red flowers with mahogany shades.

Jersey Gem: Violet blue flowers.

Jersey Jewell: Improved velvety purple form of the above.

Blue Perfection: A clean light blue.

White Perfection: Pure white flowers, occasionally with yellow eye.

Lutea Splendens: A clear yellow viola with large flowers.

Violet, Odorata rosina, 4". A pink variety with very fragrant blooms, Spring and Fall. A true violet for sun or shade.

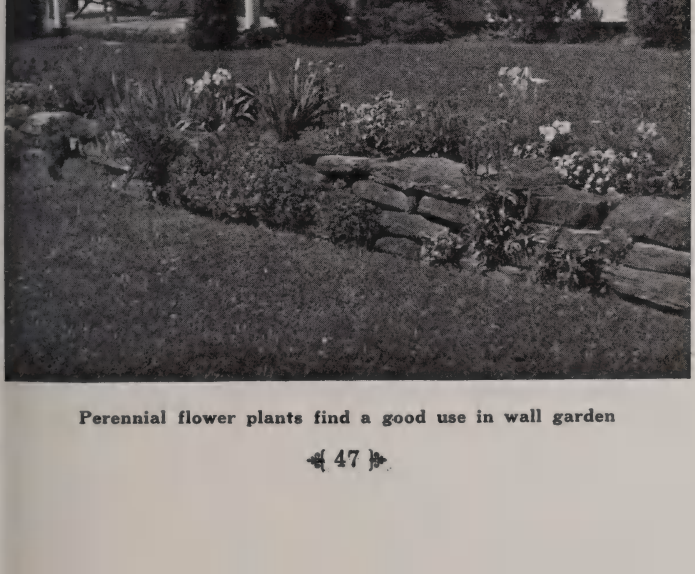
Violet: Double English. The fragrant old fashioned variety that blooms with large double violet blue flowers.

Violet: Single White and Single Blue. These are the two common single violets. Bloom only in the Spring and have only a faint fragrance.

Yucca filamentosa, **Adam's Needle,** 5'. Sword-like, narrow evergreen leaves form basal clump from which arise in mid-summer tall stems bearing creamy-white flowers. Accent evergreen perennial flower useful in evergreen plantings and perennial flower borders.

Yucca filamentosa variegata, **Variegated Leaved Adam's Needle,** 5'. A form similar to the preceding, but with variegated, colored leaves, and with the typical "upside-down-tulip" yucca flower.

	Each	Per 10	Per 100
All Above, Except as Noted	$ .25	$ 2.00	$18.00



Perennial flower plants find a good use in wall garden

HARDY LILIES

Elegans. Brilliant red flower clusters. July.

Each	Per 10
$ .35	$3.00

Formosanum. Pure white with emerald green throat, shaded externally with violet. Trumpets up to 8 inches in length. July $ .60 $5.00

Henryi. Bright golden yellow reflexed flowers spotted brown. Excellent for cutting. August-September.

$ .50 $ 4.00

Regale. White flowers tinged pink on outside with a canary yellow throat. The most popular lily in America. June-July. $ .30 $2.50

Tenuifolium, Coral Lily. Bright scarlet blooms on stems up to 1½ feet high. June. $ .35 $3.00

Tigrinum, Tiger Lily. Well known old-fashioned lily. Rich orange-red, sotted deep mahogany. August-September.
Single. $ .30 $2.50

Double variety, blooms slightly later than the single.

$ .30 $2.50

Umbellatum, Candlestick Lily. Orange red flowers carried upright in umbels on stout stems 2 to 3 feet in height.

$ .35 $3.00

BULBS—TUBERS

For Spring Planting Only

This particular class is not winter hardy out of doors in this section. Bulbs or tubers must be dug after frost in the fall and stored in a cool frost-proof cellar away from heat. Replant in spring.
